Profile

Peter has a broad vision of the issues that confront business organizations and has the experience and aptitude to develop creative and constructive solutions.

Working closely with clients, Peter devises and executes optimal and practical solutions to meet clients' targeted goals and critical business objectives. He provides services in connection with a variety of business activities, including:

- contracts
- business succession
- public-private transactions
- board of directors compliance and internal investigations
- restructuring
- joint ventures
- acquisitions and divestitures
- start up and business founding situations

The right blend of skills and experience are needed to respond to unanticipated issues that may surface in complex business situations. Peter works with teams of colleagues in diverse practice areas to provide sophisticated and nuanced advice and service to clients and to add value to achieve clients' objectives.

Peter has represented clients across a wide spectrum of industries, including:

- heavy industry
- climate control
- software
- medical services
- construction
- communications and entertainment
- combustion
- distribution
- packaging
- scientific research
- specialty foods
- advanced manufacturing
