## Orange Zone Restrictions

- All non-essential gatherings must be limited to 10 people.
- Non-essential business including gyms and personal care services must reduce their in-person workforce by 100%.
- All houses of worship must reduce their capacity to the **lesser of 33%** of maximum occupancy or 25 people.
- All restaurants or taverns must close indoor dining. Outdoor dining is allowed, but every table must be limited to four people.
- Schools must close for in-person instruction unless they follow the State guidance for remaining open.

5

## Red Zone Restrictions

- No non-essential gatherings of any size may take place.
- All non-essential businesses must reduce the in-person workforce by 100%.
- All houses of worship must reduce their capacity to the **lesser of 25%** of maximum occupancy or 10 people.
- All restaurants or taverns must close in-person service but may remain open for takeout or delivery.
- Schools must close for in-person instruction unless they follow the State guidance for remaining open.

6

## Red Zones – Essential Businesses

- **Remember March?:**
  - “With respect to business or entities that operate or provide both essential and non-essential services, supplies or support, only those lines and/or business operations that are necessary to support the essential services, supplies, or support are exempt from the workforce reduction restrictions.”
  - This means:
    - Only **essential** services may come in.

7

## Orange/Red Zone Considerations for Schools

- Under the authority of Executive Order 202.68, schools in red and orange zones must close in-person instruction for at least two weeks.
- Schools seeking to reopen must follow detailed health and safety guidelines

8

## Orange/Red Zone Considerations for Schools

- The school must remain closed for at least 4 calendar days after the zone designation is announced.
- The school may re-open as early as the fifth day after the zone is designated in accordance with the protocols contained in November 3, 2020 DOH guidance
- No staff or students may return to in-person instruction unless they have obtained negative COVID test *after* closure of schools

9

## Orange/Red Zone Considerations for Schools

- After testing:
  - COVID-positive individuals must be quarantined
  - Contact-tracing must be performed, in consultation w/ local DOH
  - Completion of attestation to DOH school survey documentation testing results for all individuals returning
- After reopening:
  - Intensive symptom and exposure screening must be conducted daily
  - 25% of the in-person learning school community (inclusive of both students and faculty/staff) must be tested for COVID-19 weekly, starting 7 calendar days after reopening.
  - Weekly attestation to DOH regarding testing
