RE: Medicaid Audit # XX-XXXX
Provider #: XXXXXXXX
Letter Request ID: XXXXXXXX

Dear Administrator,

This letter is to advise Provider Name (Provider) that the Office of the Medicaid Inspector General (OMIG), through its agent Performant, will conduct an audit of your facility's Medicaid patient accounts. The purpose of the audit is to determine the existence of any improper payments made on behalf of Medicaid fee-for-service recipients resulting from situations including, but not limited to, duplicate Medicaid payments, coordination with Medicare or other third-party payers, and net available monthly income (NAMI) payment/collection errors during the audit period of Month XX, XXXX through Month XX, XXXX. Performant will also identify underpayments in accordance with guidelines set forth by CMS.

The New York State Department of Health (DOH) is responsible for the administration of the Medicaid program. As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are directed at assessing provider compliance with applicable laws, regulations, rules, and policies of the Medicaid program as set forth by the Departments of Health, Mental Hygiene, and Social Services (Titles 10, 14, and 18 of the New York Codes, Rules and Regulations [NYCRR]) and the New York State Medicaid Program Provider Manuals.

The following citations provide authority for the OMIG's review of records:

1. SOCIAL SECURITY ACT § 1902(a) (42 U.S.C. § 1396a)
A State plan for medical assistance must . . . (27) provide for agreements with every person or institution providing services under the State plan under which such person or institution agrees (A) to keep such records as are necessary fully to disclose the extent of the services provided to individuals receiving assistance under the State plan, and (B) to furnish the State agency . . . with such information, regarding any payments claimed by such person or institution for providing services under the State plan, as the State agency . . . may from time to time request;
