

# Organizational **PRIVACY** Summit

PROTECTING INDIVIDUAL & INSTITUTIONAL DATA

**May 1-2, 2018**  
**Hilton Naples in**  
**Naples, Florida**

## IDENTITY FRAUD INSTITUTE

### Who should attend?

C-level executives and managers of risk, compliance, governance, cybersecurity, human resources, IT, and networks.

### Benefits of attending?

The threat of a data breach is on the rise. Simply throwing more technology at the problem is not a viable solution. Organizations must assess their risk from multiple perspectives including that of the customer. The OPS will discuss current threats and opportunities to mitigate these threats from all perspectives.
